PHOTOS

Photographs illustrating the condition and appearance of your vehicle are enclosed with this report. Please allow these original photographs to remain with the set of documents which are to be sent to your insurance company.

UPDATE SERVICE

Your vehicle's condition and value can be updated, as you deem necessary. Please contact our office for this service if you undergo extensive additional restoration or you have reason to feel that the value of your auto has increased. We strongly suggest that this appraisal is updated at least once every two years. If you require advice in the matter, please contact our office.

IN CASE OF ACCIDENT

In the event of loss or damage to your vehicle we suggest you remind the insurance claims department that this vehicle has been appraised for value. Inasmuch as we are independent damage appraisers we can supply the insurance company with a damage appraisal concerning the cost of repairs.

REMARKS

Nick has owned this vehicle since new. Original 21,000 miles. Vehicle has just completed a full restoration and check to ensure its superior condition. This vehicle will obtain a million dollar value in the near future.

In our considered opinion, an assessed value of \$850,000.00 for a vehicle of this nature must be considered as most reasonable.

Assuming proper maintenance and continued minimal use, there is reason to believe that this vehicle will hold a strong market value and continue to increase over the years.

We wish you luck in your future endeavors.

Yours very truly,

HAROLD MIDDLETON
